---

Industry Experience

General Assembly   July 2018 - October 2018
Web Development Immersive Program
12 week career accelerator with 500+ hours of classroom instruction in addition to self-guided lessons, assignments, and projects. Learned the fundamentals of web development, and how to produce full stack web applications with a quick turnaround.

Project Title - capstone project, full stack web application to do something really amazing
(look at all of these technologies I know now!)

This or That - a survey app built for a group project. Served as project lead
(MongoDB, Mongoose, JavaScript, jQuery, handlebars, CSS, AJAX)

GameTracker - a full stack web application for authenticated users to keep track of games
(Ruby on Rails, JavaScript, jQuery, handlebars, CSS, AJAX)

Three Makes a Sushi Roe - tic tac toe front end application (including game logic) with user authentication
(JavaScript, jQuery, CSS, AJAX)

Additional Experience
Tufts University Hillel   July 2015 - June 2018
Program Associate
Mentored a large student board in strategic visioning and creating a diverse array of programs for the campus community. Planned and implemented leadership development trainings.

Rock Spot Climbing   December 2014 - February 2016
Youth Programs Instructor
Taught youth climbing classes in addition to facilitating team building, birthday parties, and large groups in climbing instruction and other activities.

Education
Union College, Schenectady, NY   2013
B.A. Spanish and Hispanic Studies

Boston Latin School, Boston, MA   2009

Language Skills
Advanced Spanish • Elementary Hebrew
